## Commodore's Corner

Well, the month of August is upon us and that means football season is here. The first Saint's pre-season game kicks off on Thursday August 7th at 7:00pm. We are going to do a light food (Dogs and Burgers) and cheer the Saints to victory vs. the Arizona Cardinals.

We are still having a problem getting rid of the sailboats on the side of the club. Two of them are free! Tell your friends and lets find new homes for them. We really need to take care of this.

September 3rd is the sign up for the fall Wednesday Night Sailboat Race Series. It will run for 5 to 6 consecutive weeks depending on the Race Committee. Be sure to mark the sign up date on your calendar.

There will be a Cruise/Raft Up Party on September 13th. See Wayne Russ if you would like to attend. It has been some time since we have done this but they are generally a great time. Watch out for the gators and the snakes!

Thoughts and prayers go out to our still ailing and much loved Hetty Barnes and Mary O'Rourke.

Not much else to report. August is not going to be a very busy month. Friday Dinners will continue to be good, my wife assures me, so be sure to come as much as possible.

I can guarantee that September through November are going to be very active. There will be Wed Races, a Cruise, Calypso Party, First Mates Pool Party and Meeting, Halloween, and more so rest up and get ready. The First Mates are also planning a Wine Dinner in October, so stay tuned!

Jim

I know it's been hot outside, but it's time to start taking a look at your boat and seeing what needs to be taken care of before the Fall racing season is here. Our Fall Wednesday night series is only a few weeks away and our Single-handed race is on September 20th! Here are a few tips to get your boat and equipment ready go:

- Give that boat a bath. It's probably been months since the deck has seen anything besides rain water. Remove the dirt and get a fresh coat of wax down whenever you can find the time. Wax provides UV protection for your gelcoat and will keep everything looking nicer for longer.

- Check lines, blocks, etc. for wear. You might not be racing for another 3 or 4 weeks, but check your equipment now. It's much cheaper and usually easier to order what you need from sites like Annapolis Performance Sailing (<http://www.apsltd.com>) than it is to make that expensive trip to the marine store.

- Electronics Check. Pull out the VHF and GPS. Make sure everything is clean and functioning. Clean out old waypoints and routes from your GPS. Check the batteries and replace them if necessary. I've been using hybrid rechargeables lately. These can be found at places like Wal-Mart sometimes with the label "Pre-charged". They're a new type of rechargeable battery that retains up to 80% of its charge for a year allowing you to use them in devices that don't get turned on as often.
