## Commodore's Corner

Frank Bush

### Where has the Summer Gone?

Seems like we were just having fun watching the Super Bowl at the club. My how things have changed since then. Now we're watching the tropics and developing systems as fall is fast approaching. The **FALL** sailing series is about to start. Don't get me wrong, I love the cooler weather I just don't like what follows, that cold weather I don't enjoy.

All this time the club has been closed in response to slowing down the spread of COVID-19. It seems the restrictions keep getting extended every two weeks. Here recently we have been having "private parties" of which we are allowed as long as we maintain an occupancy of 50 or less. Everyone seems to be enjoying getting out and back into our club. Hopefully we are able to continue getting sponsors to host these "private parties". As soon as the governor says it's OK to go into Phase III of reopening we will be letting everyone know the club's schedule.

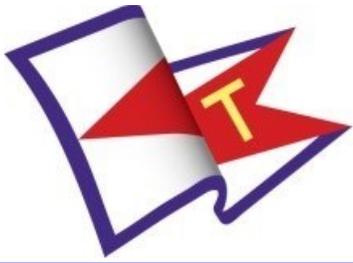

We have enjoyed more activities on the water this summer than I can remember; concerts, movies and parades. It's amazing the ideas people come up with and share so everyone can enjoy water ways. It's nice to see people enjoying boating, after all that's why we live where we do.

We will get through this together.

Your Commodore,

Frank

## House Committee

Larry Whited

### CRAZY TIME 4.0

It's dejavu all over again - still crazy. Whether/when the curve flattens, increases, or drops is still anyone's guess. And we all are waiting.

For anyone that happened to see the gaping hole in the wall on the stairs leading to the club, here is the straight scoop. When inspecting some drywall damage (it looked like someone kicked it in) I cut out a section. To my surprise, the stud behind it crumbled in my hand. Living in south Louisiana, my first thought was termites. A call to our landlord and subsequent inspection revealed – NO TERMITES! Just water damage. Good news. Repairs are underway.

See you at the Club (soon I hope). Be Smart.

Larry Whited  
House Co-chair

## Race Committee

Kyle Bowser

We are scheduled to start racing this Wednesday night, September 9th. Because of how the Covid virus has disrupted our lives, I want to get a feel for all who plan to participate in the fall series.

Changing race night to Thursday allows for more efficient and profitable operation of the club during the reduced capacity mandates, when the club is allowed to reopen under Phase 3.

Please respond to [sail@seduisant.org](mailto:sail@seduisant.org) with your thoughts and comments.

# Entertainment and First Mates

Jan Lemaire

## Entertainment

Since we really don't have eyes on what is next for state mandates or when things might change, the entertainment options are limited. A couple of member sponsored parties have limited the number of attendees, but we would love to have events that do not limit the number of participants and still meet state mandates. I am asking anyone with good ideas about how we can do that and still conform to give me a call so we can discuss the options and implications. You can reach me at 985-290-6140. I'd love to hear from you.

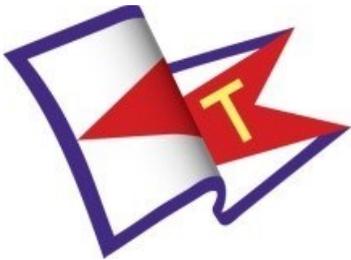

## First Mates

No news from First Mates this month. I hesitate to meet until we have some idea about immediate directions from the state. One of the main functions of First Mates has been to implement creative entertainment options. Put your thinking caps on, because when things open up we will swing into planning mode.

## Membership Directory

The Membership Pictorial Directory has been completed and has gone to our webmaster. It has been formatted so that we can put it on the server we use for the Club and access the directory by link whenever we need to do so. My thanks go out to all who helped with this project, and especially to all of the members who tolerated my emails begging for their info and pictures and sent them to me good naturedly! When our Webmaster has finished the magic that will make this happen, we will either send out a general membership notice that contains the link, or will include it in an issue of Spyglass.

# Juniors

## Sandy Stone

I would like to thank the Parks family for securing the juniors dock and all boats in the boatyard when Tropical systems Marco and Laura were in the Gulf. Their action prevented further damage to the juniors dock. Luckily, we were spared any serious consequences.

## Membership

### Dave Lemaire

We have many opportunities to succeed! Membership remains static right now as current members embrace social distancing and new members await further relaxation of the state's mandates.

I wish the club was open, but NOT at the health and life of our members.

Thank you for remaining members! We appreciate all of you!

God bless,

David J. (Dave) Lemaire, Sr.

## Editor's Comments

**Peggy Stone**

Keep the faith—there will be better times ahead! It is 5 o'clock somewhere just not here, yet!

Thanks to Larry Whited and Tom Smith for securing the porch area in hurricane prep for Tropical systems Marco and Laura. This involves removing all of the fans and storing the porch furniture.

The Parks family came through again with hurricane prep in the Junior's yard.

Linda and Mark Phillips organized a hurricane relief drive for those affected by Hurricane Laura. New members Jack and Wendy Quillen, David and Audrey Lander, Cheri and Bobby Baudier, Rene and Pauline Marques were generous in their donations and assistance. Abek Realty transported the supplies to be distributed at a fire station in the Lake Charles area.

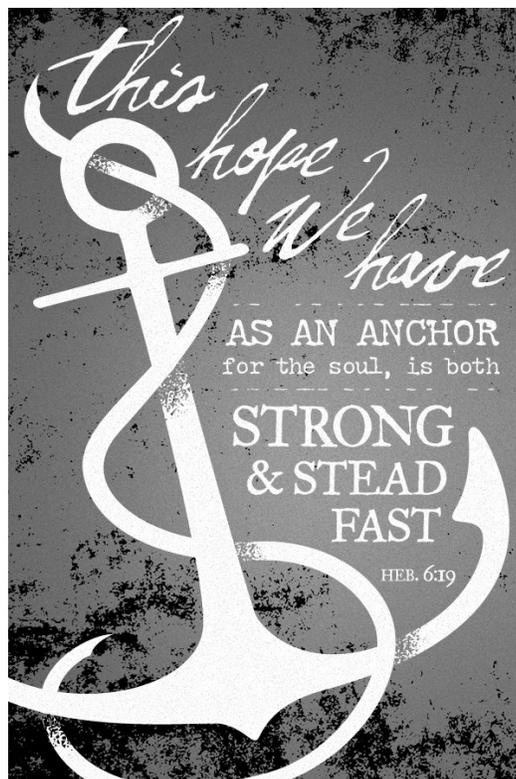

Cheers everyone! Stay well, stay healthy.

We will remember fondly the many hours that TYC member Ronnie Kole entertained us with his music. TYC was fortunate to have the support of this music legend. May he rest in peace with his lovely wife, Gardner.

Many of our members have lost a loved one in the past few months. Our sympathy and prayers are with Peggy Collins, Dottie David and Silvie Gremes-Cordero during this difficult time.

# Hurricane Laura Relief Efforts

ME IN 2019: If I could just have like a week with nothing to do and nowhere to go I could finally get this house clean and organized.

ME NOW: Nope, that wasn't the problem . . .

@saltymamas

HUSBAND: One nice thing about the quarantine is we haven't been out spending money.

WIFE: (clicks add to cart) So nice.

People are mad about not being able to go places.

Please. I was grounded about 90% of the time between 7th and 12th grade. I trained for this.
